Skills

- User Research, Journey Mapping, Competitive Research
- Wireframing, Prototyping, Usability, UX Audits
- Design Systems, UI Guidelines, Interaction Design
- Product Thinking, Problem-solving, Cross-functional Collaboration
- Figma, Photoshop, Illustrator

AI-Assisted Product Development

- AI-assisted Research & UX Analysis
- Rapid Prototyping with AI Coding Tools
- UX flows → functional prototypes
- AI-assisted Iteration & UX/UI Quality Assurance

Education

- FPT Arena Multimedia (FPT) — 2021
- Comprehensive User Interface Design Course (Mirr Design) — 2023
- UX Foundation Course (Telos Academy) — 2022
- HCMC University of Technology and Education(HCMUTE) — 2016

Highlight

Recognized as "Top Performing Designer 2022" at LIVEN Technology

UX/UI Designer

thegioididong.com(MWG) - TGDĐ, Điện Máy Xanh, TopZone — 2026 – Now

- Owned end-to-end UX/UI design for journeys across Web & Mobile (TGDĐ, ĐMX), from problem discovery, user research and requirement analysis to prototyping, validation and launch.
- Performed UI review / design QA after development, working with engineers to identify implementation gaps and ensure consistency with approved designs and guidelines.
- Built and maintained scalable Design Systems using Storybook and AI-powered tools for TGDĐ & ĐMX, standardizing components, design tokens, and reusable patterns across products.
- Collaborated with product owners, business analytics, front-end engineers and stakeholders to analyze product requirements and optimize Web & Mobile.
- Identified user pain points through GA4 analytics, on-site behavior and user journey analysis, translating insights into actionable design solutions and feature improvements.
- Conducted behavioral analysis and UX optimization, contributing to **+15%** engagement and **-10%** bounce rate.
- Directly test and evaluate the usability of projects
- Applied AI-first workflows using ChatGPT, Claude and Codex reducing stakeholder review preparation **from 3 days to 1 day**.

UI/UX Designer

Softworld VietNam Ltd — 2025 - 2026

- Designed digital marketing assets, including social media visuals, landing pages, and campaign materials to support product communication & brand promotion.
- Translated complex product features, technical information, and user workflows into clear, engaging visual designs and intuitive interfaces.
- Created and maintained scalable design systems, ensuring visual consistency, brand alignment, and reusable design assets across multiple products.
- Designed user interfaces and visual experiences for loyalty platforms, booking systems, and digital service products.
- Collaborated with product teams, developers, marketing teams, and stakeholders to understand requirements and deliver design solutions aligned with business objectives.
- Conducted user research and analyzed customer journeys to improve information hierarchy, visual communication, and overall usability.
- Designed touchscreen interfaces for interactive service robots and self-service kiosks in banking and restaurant environments.
- Managed end-to-end design processes, from requirement analysis and concept development to design execution and final handoff.

UI/UX Designer

LIVEN Technology (VDES, Yourweddingplanner, Unlock, Marry) — 2023 - 2025

- Designed web dashboards to support consistent UI development across apps.
- Collaborated with the Marketing team to create creative, impactful content for social media, landing pages, & event campaigns.
- Delivered branding assets including internal banners, logo systems for brand chains, and executive name cards.
- Designed CRM interfaces to optimize internal operations and improve workflow efficiency for businesses.
- Participated in product development by designing UI/UX for web and mobile apps, especially in tech-related platforms.
- Applied responsive design techniques and accessibility best practices to create inclusive user experiences.

Visual Designer

LIVEN Technology (VDES, Yourweddingplanner, Unlock, Marry) — 2021 - 2025

- Created promotional banners with layout and color schemes tailored to campaign messages
- Delivered clean and consistent with brand identity visuals for multiple industries including F&B, Fashion, Wellness, Healthcare, Hospitality & Resort...
